

**KANSAS LIFELINE SERVICE PROGRAM**  
Annual Self-Certification for Lifeline Subscribers  
Qualifying Under Income Levels

The Kansas Lifeline Service Program (KLSP), a telephone assistance plan that provides eligible residential telephone service customers with a reduction in the price of basic local service, includes income-based eligibility criteria. These criteria are based on the poverty guidelines updated periodically in the Federal Register by the U.S. Department of Health and Human Services (HHS) under authority of 42 U.S.C. § 9902(2). For KLSP eligibility, a customer's household income must be below 150% of the Federal Poverty Level Guidelines published yearly by the HHS.

Customers eligible under the KLSP criteria, set out below, are required to self-certify such eligibility. Eligibility proof must be provided at the time of enrollment by presenting documentation of annual household income. Acceptable documentation includes such items as the prior year's tax return, three consecutive current paycheck stubs, or a retirement statement of benefits. The KLSP income-based eligibility criteria are as follows:

<u>Number in Family</u>	<u>Maximum Annual Income</u>
1	\$16,245
2	\$21,855
3	\$27,465

5	\$38,685

7	\$49,905
